Visualizing & Verbalizing
Content Application

*Picture to Picture*

*Use the Picture to Picture step where subject matter has two-dimensional pictures for comprehension. For example: diagrams, maps, timelines, scientific illustrations such as anatomy drawings & plant parts, land forms, pictures in literature.*

**Steps:**

1. Student(s) look at content image and describe to teacher.
2. Teacher questions using Choice & Contrast.
3. Use relevant Structure Words for details.
4. Teacher describes back (w/o looking at picture):
   “Your words made me picture...” (T. makes occasional mistakes to see if students are listening.)

**Hints:**

- For classrooms, be sure to call on students randomly.
- Make sure all students can see the picture described.
